Dear Prachi,

"Experience is a hard teacher because she gives the test first, the lesson afterwards." - I quote an anonymous author. You would have at times felt this in your journey towards becoming our very first 'Young Entrepreneur'.

Congratulations! We are happy to select you as the winner of the 2001 - 2002 'Britannia Young Entrepreneur Development Award'. We look forward to the implementation of your project on '**Integrated Human Resource Management Information System**'.

Mr. Suresh Srinivasan, Human Resource Manager, would mentor you through your project. However, you will work closely with the entire Human Resource Team and the ISD team at Britannia. As mentioned to you, the system will have to be developed on a DB2 platform.

We wish you all the very best in this endeavour.

Yours Faithfully,
For Britannia Industries Limited,

B. HARIKRISHNA
GENERAL MANAGER - HUMAN RESOURCE
